Safety Data Sheet (SDS)

Product: FinnCo CFU1000 RoostToRoot *Bio Hemp*

Section 1: Identification

- **Product Identifier:** RoostToRoot *Bio-Hemp*
- **Other Means of Identification:** Shredded hemp with ; naturally occurring non-pathogenic microorganism loaded on a carrier.
- **Recommended Use:** Broadcast on top of existing floor bedding of Chicken Coop to absorb and degrade organic animal waste products.
- **Manufacturer/Supplier: Produced by: FinnCo Oil & Gas, LLC, P O Box 506, Valley Mills, TX 76689 Phone: (210) 701-5843**
    - **Distributed by (FinnCo Representative):** Ron Finn.
- **Emergency Phone Number:** (210)-710-5843

Section 2: Hazard(s) Identification

- **Classification:** This product consists of non-pathogenic microorganisms in a schreded hemp, solid-based medium. Under normal conditions of use, it is considered non-hazardous.
- **Signal Word:** None required.
- **Hazard Statements:** None.
- **Precautionary Statements:** * **Prevention:** Avoid breathing dust and hand or eye contamination during application.
    - **Response:** If in eyes, rinse cautiously with water.

Section 3: Composition/Information on Ingredients

- **Chemical Characterization:** Mixture.
- **Components:** * Naturally occurring non-pathogenic microorganisms.

Section 4: First-Aid Measures

- **Inhalation:** Move person to fresh air.
- **Skin Contact:** Wash with soap and water.
- **Eye Contact:** Flush eyes with water as a precaution.
- **Ingestion:** Rinse mouth. Consult a physician if large quantities are swallowed.

Section 5: Fire-Fighting Measures

- **Suitable Extinguishing Media:** Use media appropriate for the surrounding fire. The product is hemp-based and flammable.
- **Specific Hazards:** None known.

Section 6: Accidental Release Measures

- **Personal Precautions:** Standard PPE (gloves and safety glasses).
- **Methods for Cleanup:** Saturate area with water. The product is designed for environmental remediation and is non-pathogenic.

Section 7: Handling and Storage

- **Conditions for Safe Storage:** Store in a cool, dry place. Keep container tightly closed when not in use.

Section 8: Exposure Controls/Personal Protection

- **Engineering Controls:** Ensure adequate ventilation, especially when spraying.
- **Individual Protection:** * **Eye/Face:** Safety glasses.
    - **Skin:** Protective gloves.
    - **Respiratory:** Not typically required unless misting occurs.

Section 9: Physical and Chemical Properties

- **Appearance:** solid.
- **Odor:** Not specified.
- **Solubility:** Miscible in water.
- **Specific Application Rate:** Spread on top of existing bedding on floor of Chicken coop.

Section 10: Stability and Reactivity

- **Reactivity:** Stable under recommended storage conditions.
- **Incompatible Materials:** Avoid mixing with strong disinfectants or biocides that may kill the active microorganisms.

Section 11: Toxicological Information

- **Acute Toxicity:** Non-pathogenic. No known toxic effects under normal use.

Section 12: Ecological Information

- **Ecotoxicity:** Designed for bioremediation of organic material. Promotes environmental cleanup.

Section 13: Disposal Considerations

- **Waste Treatment:** Dispose of in accordance with local, state, and federal regulations.

Section 14: Transport Information

- **UN Number:** Not regulated.
- **Shipping Name:** Not regulated.

Section 15: Regulatory Information

- **TSCA Status:** All ingredients are listed or exempt.

Section 16: Other Information

- **Preparation Date:** October 8, 2026.
- **Notes:** Application rates may vary based on site-specific groundwater hydrology and geology. Ideal use combined with hemp bedding. Consult a local agronomist for composting time line for specific plants.
